Dedicated to: Mr. Neil Jacobs

This yearbook is dedicated to Neil Jacobs '69 who returned to Deerfield in order to repay a debt after 44 years away. He taught Philosophy & Religion; coached the Deerfield Debate Team; supported the Deerfield Jewish Student Alliance; and was a great advisor, teacher, colleague, and friend. He cleared his debt, not with money, but with the moving memories he leaves in the minds of everyone who knew him this past year. I will always remember Mr. Jacobs, a successful lawyer and humble man, as an individual dedicated to service and giving. From the wonderful Passover Seder he and his wife Debbie shared with our Jewish community to his weekly trips to Boston where he enriches the lives of Boston youth through The 3 Point Foundation, Mr. Jacobs serves and gives. The Ancient Greeks believed that a man's valiant deeds would make his name immortal. Mr. Jacobs' name will forever resound in my heart as a man who taught me with his actions. Mr. Jacobs, I will one day repay my debt to you as, too, will the young minds you influenced this year.

A Typical Feed on Shum 3:

Dr. Ross makes everyone their own individual feed: Guacamole for Catherine, anything with pesto for Jackie, tomatoes for Paulina and raisins for Miri. After slaving away in the kitchen for hours, Dr. Ross pulls steaming cinnamon swirl bread out of the oven, filling the third floor apartment with a heavenly smell. Next, Catherine shows off her language skills by translating "my hovercraft is broken" in four different languages, with the help of Miri and Paulina of course. They finally leave Dr. Ross's apartment at 12:30am after 2 hours of Sporcle and flipping through Dr. Ross's 1999 high school yearbook. Shum 3 then takes a fieldtrip to the diner where they indulge in milkshakes and send a nutritious plate of broccoli to Dr. C's advisory. On the drive back Jackie and Catherine complain about how hot their room is for the 100th time this year while Miri and Paulina reminisce about the light bulb explosion in their room. Days of Glory on Shum 3!

9:45 The tennis ball rolls towards Mr. Heise. Jamie sprints to save it. But, Jamie goes 0 for 5. 11:30 Jamie and Sunho are forced to stop playing from a monster down the hall. Crabbychack attempts to join but is discouraged. 12:00 Matt and Jamie and Sunho do mac-and-cheese. Hrabchak wins. No one cleans up. 12:30 Jamie and Sunho play AP rock-paper-scissors for the hot shower. Sunho wins. Jamie, losing's never so fun. Got something to pick your spirits up. Got it at Target. It's on sale. 2:00 Hrabchak can't find his mattress. 2:30 Matt and Jamie brush-wash. Sunho goes to sleep in the first floor common room.

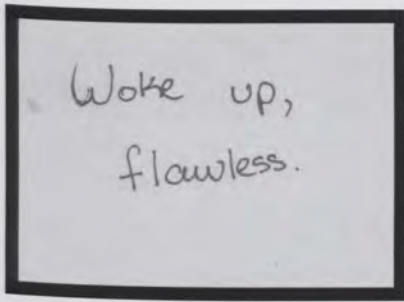

Bewkes

In an old house called Bewkes, not covered with vines, lived seven teenage girls who couldn't be put in lines. One of them was Madeline--well, actually Maddie--and also Ali, Meg, Emily, Danielle, Caroline, and Tabby.

7:45 PM - Chung figures out that he can achieve a zero-gravity chamber in Breck's room by taping everything to the ceiling, although the mattress is lost in orbit. Despite success with the gravity chamber Chung was not able to re-move the urinal from Chen's room. 9:45 PM - Tiger Woods, Bill Gates, and Ross Perot drop by for a casual visit to tuck Breck into bed. 10:15 pm Security just let Charlie back in the dorm. He just finished the Essay portion of the SAT and will get back at it tomorrow. 12 AM - Alan, who we thought was studying in his room, comes in with a possible concussion. 1 AM - All of the food that was missing somehow appears in aspiring college rower's room--Aaron's. 3 AM - Breck gets on his knees and looks for Kendrick Lamar under his bed. 4 AM - Breck falls asleep in a shower on the Upper East Side. 5 AM - Chung goes to bed dreaming about Jessie.

1:46 AM- Charlie 1 and the Alaskan have a silent and passive aggressive contest who is up later. Charlie 1 assumes he has won again and settles in for another hour of Netflix. 5:30 AM-Ellen DeGeneres Damon wakes up to experience the most productive hours of the day, power skipping his way to the dining hall with surprising efficiency. He's sure it will help him with his dunking ability. (Apparently he dunked in a game once, but no one caught it one camera so no one really knows for sure if it happened or not.) 6:30 AM-Luka sits in his room watching Djokovic highlights, while also getting in his first of six workouts of the day. He forgets if he's currently attending Deerfield Prep or Deerfield Academy, so he looks it up online, while he's at it, he googles if he should be from Serbia or Vancouver today. He also takes a moment to look up conspiracy theories and the year in which his motherland was founded (2007). 7:45 AM-Chesty goes to shower, afterwards refusing to dry his half trimmed mustache and chin scruff. He has trouble walking back to his room because his knee hurts, but he reminds himself that he's going to a top ten liberal arts college in the nation and perseveres. 6:39 PM- Country music can be heard from the bathroom, Charlie 1 or Devry University is to blame. No one investigates. 7:45 PM-Arky and Blocke, an honorary 2 North member, disappear into Arky's room for mysterious amounts of time. No one knows what goes on in there. 10:30 PM-Cole is reminiscing about his hometown while watching the Winter Olympics. Later, he returns to his room, which he has fashioned into an igloo, wraps himself in bear furs, and falls asleep to the sounds of glacial melting. Only to rise again in several hours. He keeps Alaskan standard time. 10:32 PM-Chesty is barely able to shoulder the blame, as his frailty makes it a struggle. 11:00 PM-Devries checks in for the second time of the night. Tired, he makes an odd, high-pitched noise, the origin of which seems to be avian, and he walks down the hall to hibernate. 11:05 PM-Charlie 1 strolls into LM to check in, on his way throwing out an empty cardboard box filled with what seem to be homemade pastries of some sort and moving every item of sports equipment he owns out into the middle of the hall (a clear fire hazard). 11:25- Yet another fight over the worlds most complicated scoring system breaks out. The triplets are to blame. One small point each is deducted from Chesty and Charlie 2. No one knows why. 12:00 AM-Charlie 2 is busy dominating in N64 Smash Bros and deciding how he can incorporate class dress into everything he wears ever. 12:05 AM-Charlie 2 puts on his night tie and button down and settles into his comfy standard issue mental hospital bed.

Captains' Post

From our Try-Hard Tuesdays to our co-ed Fridays, we pushed ourselves to the limit this season. At every turn you all exceeded our expectations. Every single one of you gave it your all and it was that work ethic and drive that made us so successful this season. We've never had such a close-knit group; from watching Bridesmaids in Dr. C's apartment to our rowdie rides to the river to ever so intimate conversations on our distance runs, we got closer every day. "Stuart?" "Trey?" "Uhhhh, what are you doing here?" Metro, the sass you give is almost tangible. Feebee, we'll miss the way that you cringe when you think of germs. Lobster, 14 apples a day and killin' it. Lauren and Margo, your XC love will forever permeate as you continue your DAXC careers. Madisen, the secret weapon; we'll never forget Loomis and how you saved our butts that cold, dark day. ¡Viva DAGXC!

Many afternoons were filled with banter as the cross country team traversed the wooded hills (sans Anthony, who managed to contract a three month cold). On the weekends, the team would travel to far away lands where Ethan could declare how stoked he was to run the course. The incredibly hard work that the team put in (according to Gene, the resident statistician, much, much harder than the year before) led to personal bests from a majority of the brotherhood. Since Woody and I will be gone next year, we have a few pieces of advice to leave with you: One, if every time you run on a specific trail you get stung by angry hornets, you probably shouldn't run on that trail. Two, if you are sprinting away from the pack on a Wednesday, your name is probably Sam. Three, when the captains say turn left, you're turning right. Four, if you're running down Albany road towards the gym, you better be singing.

Let me put myself on the clock mmm k. Here's how it went.. "Finish him!"- #23. Who knew goalies were good at knock out. "My money's on Ben", sikeeee Mark, the civil war vet, goes horizontal once again #yogaproblems #cheskythinkshe'stough This is 'Bang Bang' We trap, track the vertical, and pass on lateral. #iwanthissobad #looktothehills It was a great season boys. You should hold your heads high. For you guys coming back next year, remember that Deerfield doesn't last forever. The three of us would give up anything to play one more game in the Green and White. So know that every minute you play is a privilege, no matter the score. "Never compromise. Don't kill your athletic soul."

You gurls couldn't have given us a better final season. We killed the scrimmages with faculty, boxing out McVaugh and blocking Bicknells' threes. Captain's Post

The intrepid cyclists of Deerfield Academy decided to spurn the pressures of competitive cycling this Spring. We have grown weary of the "doping" era of sports and instead decided to embrace Mr. Boyden's advice to "Look to the hills." We rode our bikes far and wide across the Berkshires and southern Vermont. While we didn't race, we challenged ourselves by picking routes over the steepest climbs in the region or across the most rugged landscapes. We rode in rain, snow and sun but above all else, had a great time doing it! Thanks, as always, to Ted King, Jeremy Powers, Rhys Louis and everyone who loves doing cool stuff on two wheels.

I can't thank everyone I've been blessed to know here. I wouldn't do justice. I want to leave with a verse that means a lot to me and that I've seen fulfilled: "I know the plans I have for you," says the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29:11. Thanks for the memories DA!

do what makes you happy and everything else will follow. i stumbled across this idea at maybe 3am while studying for my stuupid che1a test with a certain spectacular friend; she, and it, like everything else at deerfield have made me GROW UP! i cant express my gratitude. congrats on making it out and good luck with life on! some small things (iii think you should consider) from me to you: stay up late every night-n-then. revert to your kid-self sometimes! spend time with people (or the magical flora and fauna out there!, etc) in places that make you smile till your mouth hurts. dont be afraid to change (an aside: or be alone). watch lots of movies-and/or movie trailers and/or tv shows-over an all-nighter. sleep outside! watch the sun rise. on those nights of impossibility, giggle deliriously and know the hc will always be there (coughcough). do dream for the airport (and/or car rides etc) because it means youre going home (da, childhood home, foreign home, spirit?neverbeentherebefore home, or home home). and again, do everything that makes you happy!

Mom and Dad thank you for your love and support. I'm really grateful to all the great faculty here, especially Mrs. Heise, Dr. Ott, Mr. Albertson, Mr. Raballie, Mrs. Moushabeck, the Hynds, Dr. Ross, Shirley, Bruce, Mr. Ahbel, and Dr. Bicknell. Deerfield is a jumble of emotions for me. I met my best friend in the whole world here and am grateful for all the opportunities and lessons. H.N., K.A., A.E., Q.S., C.C., and A.F, thank you all for helping me survive this year. I believe the following three quotes help sum up my time here. "To get up when you are down, to fight more intensely when you are struggling; to put in the extra effort when you are in sheer pain, to comeback when nobody expects you to, and to stand tall when everyone is pulling you down are what make a champion." -Apoorve Dubey "Courage doesn't always roar. Sometimes courage is the quiet voice at the end of the day saying, 'I will try again tomorrow.'" -Mary Anner Radmacher "The best is yet to come." -William Shakespeare

William Kaelin III

Mom you have taught me how to be tough. Dad you have taught me how to be wise. And Kathryn, I know we always joke about "responsibility," but you have shown me what it truly means to step up. I love all of you more than anything in the world. Thank you for believing in me. To my teachers, you have made my time here at Deerfield amazing.

To Mr. Calhoun, there were countless occasions where you gave me the reassurance to keep pushing forward, and I will always be grateful for that. To my friends, you all made these four years incredible and full of laughter. Always stay in touch. Travis, you are an amazing friend. Nahla, you always manage to make me smile. I love you and I hope you have an incredible senior year. To Coach Silipo, thank you for never letting me stop loving squash. Off court, you honestly helped me through so many of my toughest moments. Everyone I know who's gone through DA squash agrees, you are a hell of a squash coach, but an even greater life coach. OK, JG, CD, JK, TH, CH, FL, JD, NC, RD, and last but certainly not least DF, never stop playing squash. I am going to miss you guys. Thank you for making my last season as special as it's been. To those still on their way through Deerfield, hold nothing back. Every day here teaches you something. "In my mind, I am free." -Stephen Hawking. The world is a beautiful place.

There were times that I regretted making the decision to attend Deerfield Academy. But if I were to go back in time and had another chance to make that decision, I would make the same choice, to come to Deerfield. DA is my home where I grew up and matured in. I would never trade my experience here with anything else. Thank you God, Dad, Mom, Grandparents, Grandpa in heaven, I know you are watching me from up there. Thank you to all the friends and teachers who supported me throughout my years at Deerfield. Thanks for the great music. **PS, JH, SJ:** Have fun with Cross Country next year and get those PRs! **Carter:** We had a rough start, but don't worry, our roommates haven't killed us yet. **Marty:** Keep running. "He attacked everything in life with a mix of extraordinary genius and naive incompetence, and it was often difficult to tell which was which." - Douglas Adams, The Hitchhiker's Guide to the Galaxy ~My time here has had its ups and downs, but Deerfield has undoubtedly shaped me for the better. The magnitude of

my learning and growth is staggering, largely thanks to the incredible friends, coaches, and teachers who have helped me along the way: Mr. Bakker, Mr. D, Mr. Heise, Coach Jon, Mr. Pitcher, SP, FF, GL, TR, BM, the improbable crew of AP-Chem'13, and a great many others. A few literary idioms from my studies stand salient: Optima dies, prima fugit; et in Arcadia Ego. Whether or not these hold true for my Deerfield experience, there is one guiding maxim I will never forget as I look back on my time in the valley: Don't Panic

Dad, Mom, Francis, and Robin, I couldn't imagine making it this far without all of you. You guys brought me here against my will and I can never thank you enough for these four years. Mrs. Kelly, Mr. Kelly, Mr. McVaugh, Ms. Hannay, Mr. Ahbel, Mr. Jacobs, Mrs. Loftus, Ms. Feng, Dr. Curtis, Ms. Gimbel, Mr. Briones, Mr. Barry, Mr. Schloat, and Mr. Kunhardt, you've

been incredible mentors. No amount of my gratitude can ever pay you back for the unforgettable kindness and the absurd patience. I owe you all more than I know. Friends, we've made it against all odds and it's an outrageous miracle. Words will never describe the awesome times we shared together, but many were too good to be put on paper anyway. This was fun, I'll miss it all, and when we meet again it'll be as great as it's ever been. Nothing's better than these days of glory. Thank you Deerfield. '14 For Life. The best part about any Deerfield experience is the people and I could not have asked for a better class to live, learn, and grow with for the last four years. I want to thank all of the faculty and staff for making this incredible place possible for all of us. Most of all I want to thank my parents for supporting me through the good times, and the bad, and inspiring me to give it my all, no matter what.

Thank you to my loving parents who gave me this amazing opportunity. You have given me so much and I can't thank you enough. For my brothers, you guys are the best teammates, friends and boys anyone could ever ask for. I love all you guys and I can't express how much the last three years on the field have meant to me. Stay close to me and your other brothers, the memories can only

take us so far. To all the young guns out there trying to make something happen, do it. Don't stop at a challenge, push yourselves and you'll go far. Also play for the Green and White, if an opportunity comes up to become a part of something bigger than your self take it, you wont regret it. To the class of 2014, you guys are the reason I love this place, how much fun and how much I've grown here is dedicated to you. If any of you are ever in Nova Scotia you always have a place to stay with me. Finally to Johnny Jacks, you are my brother and I love you but you never beat me in a fight and you never will.

Much love, Manson

"I felt for the first time in my life on the side that prizes experience, tears welled up, and I wanted to ask some of the students who were passing innocently by if they knew how blessed they were, how lucky they were to be able, for a time, to take their ease in those buildings and on those fields, in that shimmering place. In the embrace of the moment, they would have thought I was touched, and indeed I had been. How blessed were they. How blessed was I." Jack Graves.

Mom & Dad thank you for letting me come to this incredible place. The magical touch of all the people who spent their time and contributed their visions to the Academy can be seen in every dimension of life here. The tenacity, intellect, creativity, talent, and sincerity of the remarkable individuals I have encountered over the past two years have inspired me to no end. It is truly an honor to have been here with you.

I would like to extend my sincerest gratitude to the many students and faculty members who have, with their generosity of spirit, guided and supported me. You all have made my journey through Deerfield amazing. Thank you for believing in me and for giving me some of the most incredible experiences I've ever had in my life.

From hiking the verdant hillsides of Pocumtuck Valley with my friends to horseback riding with gauchos in Uruguay, I will forever cherish the beautiful memories I have of my Days of Glory. I cannot thank you enough for this unbelievable opportunity.

Much love to the fam, Ro2, the other people I have had the fortune to become friends or acquaintances with, my great teachers – sincere apology to those I gave a hard time because of my disorganization –, and last but not least, the administration.

I don't know what I would have done without you this year, and surprisingly we made it! although there were some hard times. Kate Ginna, I'd give up going back to Cali to be with you only. First I want to thank my family for giving me the opportunity to spend 4 years at Deerfield, through thick and thin always supporting me and guiding me in the right direction. It's been a great 4 years, from a crazy freshman year on Field 2 with JD, CSW, and the late night common room chill sessions with Mr. Fry to the 24 marathons in DC room to the to the endless debates with KI. To Field 1 BC, TB, AC, and WD best Proctors a guy could ask for. I'll never forget the cruton and the super smash bro sessions. Oh junior year, I'll remember those late nights with Stu, and 2k with Denunz crew, and I'll never forget the horror of American studies. And although there were low points they helped e grow as person. Never forget the Denunz boys: CS, LM, MM, TM, DW, JL, CS, RH, SW, RD P, KJ, AO. As my soccer team will attest, I am a man of few words. Laconic. I want to say thank you to my family, my teachers, my coaches, my friends, my classmates and Deerfield Academy. I will miss it, but I look forward to the future as well, because the future holds possibilities. It is an infinite number of "Ifs" just like the Spartan Laconicus said.

I first would like to thank my mom for always believing in me. Whenever you told me to find the positive in what I am doing, it was probably one of the hardest tasks in the world, but once I did everything was clear and I could accomplish anything. Thank you for all of the support mom. I also want to say thanks to the many great friends over my past 4 years. Ortega and Taylor you might not see this but I know I would not have been able to adjust to DA without your amazing friendship so you have to be mentioned. Also Debumzio thanks for making a junior year unforgettable. The bonds we created through the 2k Gods will never be forgotten. I have to also thank the great friends I made senior year, the three that are always in the library, the two that live in the dubs, and the one that lives in Scaife. You guys made senior year a fun and new experience. I also want to thank my many teachers through my DA career. These have been an amazing 4 years. Thank You DA.

Although my time at Deerfield only lasted a short stint, I still feel that I formed bonds and friendships that will last a life. My journey at Deerfield got off to a rocky start with an injury that kept me sidelined for most of the soccer season. However, this was when I first learned how special Deerfield really is. My peers, coaches, and teachers quick made Deerfield a welcoming place and helped me realize that there is more to life than soccer. In a way Deerfield helped me redefine myself. I was able to interact with people from all over the world. I even took a drawing class where I learned just as much about my classmates and their passions as I did about drawing. At Deerfield I was truly able to broaden my horizons by trying things I was not necessarily comfortable doing. Another aspect that made my time at Deerfield so special was the school spirit and the general camaraderie between students of all grades. In addition, I learned that you can't say you don't like something until you have tried it. I would like to give a special thanks to my teachers: Mr. Heise, Dr. Ott, Mr. Jacobs, Mr. Meier, and Mr. Dickinson. I honestly could not imagine my one-year at Deerfield spent in different classes. I would like to thank the members of the soccer team and the coaches: Mr. Heise and Mr. Flaska for immediately welcoming me to the team and supporting me during my injury. Thank you Mr. Spencer for your support as my advisor and my dorm resident. Good luck freshmen, sophomores, and juniors in your years to come and remember savor every minute of your time at Deerfield because it will eventually come to an end. Lastly, thank you Deerfield for nurturing me, showing me the path to success and for your unequivocal support. Go Big Green!

"Time you enjoy wasting, was not wasted." —J. Lennon
I cannot thank you enough for the crazy highway biking adventures, ghost hunting in the dark and misty corn-fields, karaoke after a day worth crying about, learning to ride the unicycle and burn names into wood with a microscope and the sun, greens & grays and crossing our fingers for no extra sprints, chicken caesar wraps and iced chaos, Christmas light atmosphere, sledding (even though most of the time was spent on the hike back up the hill), the snow, finding mirror lake and its hostile owner, shower parties in the dark, Thursday nights frantically fixing layout, smooth jazz (please, no more Gregorian chants!), electric blankets, Cup Noodles and Totoro, London in the rain, floating down the River, Boston conventions, Woody Allen in the Black Box, kau wela, exploring New York's finest thrift shops, microwavable quesadillas, our Academy Award winning Spanish videos, and the many stomach aches from an hour spent laughing too hard.

These 4 years have been unforgettable.

One year sometimes is long and sometimes is a short period. Time at Deerfield is the latter. Coming to Deerfield as a PG, I spent this year to challenge myself to practice my English skills and prepare for college. Thanks to the supportive community including teachers and friends, I managed to successfully go through the hardest part. Deerfield is like another home for me. It is a great experience to be here!

From laughing to posing for pictures with their proud families and friends, DA seniors are happy they have undertaken this journey.

They worked hard in classrooms and played well on the fields, and now they are celebrating their achievements outside the traditional green and white graduation tent.

Seniors are offered to the world,
carrying with them memories of
Deerfield Days of Glory.
